QUEBEC GOVERNMENT HOUSE
17 West 50th Street
New York, N.Y. 10020

11. ACTIVITIES

NEW YORK OFFICE

During the period covered by the report, Mr. Jean-Marc Roy, Director of Administration, has continued to assume the interim pending the appointment of an Agent General.

As usual, Quebec Government House has been active in the fields of industrial development, trade development, tourist promotion, and general information.

In the past six months, the Director of Information has established contacts with representatives of the New York news media, Quebec students enrolled in New York schools and universities, and Quebec artists studying or exhibiting in New York. For the information of the Department of Intergovernmental Affairs in Quebec City, he has initiated a semi-monthly press review of what is being written in the American press about Quebec.

The Director of Information was responsible for organizing the press conference given at the New York Hilton, in March, by the Prime Minister of Quebec who presided at the opening of the Quebec Pavilion at the Fourth Annual Institutional Investor Conference. In April, the Director of Information was seconded to the Quebec office in London (England) to assist in the preparation and arrangements surrounding the visit of the Quebec Premier in that city.

The Head of the newly created Center for Canadian studies at Johns Hopkins University contacted our Director of Information with a view to obtaining Quebec Government publications for his Department. Town & Country Magazine also asked the assistance of our Director of Information in the preparation of a special issue on Quebec.

In the area of general information, the Service has received an average of 200 requests per month on such topics as immigration, schools, taxes, health insurance, cultural affairs, etc.

Between the period of January 1 to June 30, 1971, our Tourist Bureau for its part has received a total of 19,220 inquiries about vacation trips to Quebec - namely, it has greeted 6,084 visitors, answered 5,514 telephone calls and 7,622 inquiries by mail. It has participated in promotional and travel shows in the following cities: Detroit, New York, Washington, Boston, San Francisco, Los Angeles, and Chicago.

The Director of Tourism has maintained regular contacts with travel agents and has attended monthly meetings of the Society of American Travel Writers, the American Society of Travel Agents and the Assembly of National Tourist Office Representatives (ANTOR). In cooperation with the Canadian Government Travel Bureau, the Quebec Tourist Bureau took part in a promotion campaign at Macy's Department Store, in New York City, from January 7 to 16.

Through Universal Education & Visual Arts, our film service has distributed 1,521 films, reaching an audience of 60,804.

11. ACTIVITIES (Cont'd)

The activities of the Department of Industry & Commerce for the period of January 1 to June 30, 1971, covered two specific areas:

1. Industrial Development - The three industrial development officers of the Department worked extensively with approximately 24 American corporate entities in examining and developing potential new manufacturing establishments which would be located in the Province of Quebec. Several of the larger New York-based commercial banks were also involved in these negotiations.

Approximately a dozen visits were made from the New York area to examine potential locations in the Province of Quebec, as well as to carry out discussions with officials of both the Provincial and Federal Governments.

These activities are continuing in the hope that decisions will be reached before year-end.

2. Trade Development - Increased activity in this area was carried out by the Department in assisting Quebec-based manufacturers to develop customers and distributors in the United States.

The bulk of this activity consisted in having Quebec manufacturers use the "Quebec Trade Center" at Quebec Government House, as well as in participating in several trade shows in the New York area, such as the National Association of Men's Sportswear Buyers Show, the Ski Council of America Snow Show, the Boutique Show, etc.

BOSTON OFFICE

During the six-month period covered, the above office maintained its usual activities with a view to promoting friendly cultural and tourist relations, as well as business and financial contacts, on a mutually profitable basis.

1. Industrial Development - Nineteen American firms have studied the possibilities of establishing manufacturing operations in the Province of Quebec, and some twenty inquiries on the same subject have also been answered.

Seven hundred and fifty personal letters, together with the May edition of an industrial monthly bulletin-"Quebec 71" - were sent to the executives of the major companies located in the New England area covered by the Boston office.

2. Trade Promotion - The officer in charge of our Boston office has been working on thirty-nine commercial cases trying to find wholesalers, distributors, manufacturers' representatives for Quebec firms, or supply sources for American firms.

General activities of the Boston office included participating in several reunions, committees, meetings and conventions; giving lectures to nine organizations; attending 4 industrial and commercial shows, and entertaining (as host or guest) some 70 persons.

11. ACTIVITIES (Cont'd)CHICAGO OFFICE

For the six-month period ending June 30, 1971, the Counsellor in charge of the Chicago office reports the following activities:

1. Industrial Development - The office has worked with 8 American companies which are seriously considering establishing manufacturing operations in Quebec, with one company which is considering developing an industrial park, and with four companies which are seeking some form of association with Quebec firms for the manufacture and sale of their products in Canada. The Economic Counsellor has had some consultation with some 40 U.S. firms to discuss the economic, industrial and commercial aspects of Quebec, and has written industrial promotion letters to some 30 companies not previously contacted. The office has also answered many inquiries from businessmen and the general public on various topics related to business (taxes, custom tariffs, transportation, labor legislation, etc.). The office maintains close contacts with members of the Canadian and American banking and business communities and the Canadian Consulate. The Economic Counsellor negotiated the lease of new expanded office space into which the staff will move in October 1971.

2. Commercial Development - The addition to the staff of a Commercial Counsellor as well as a second secretary enabled the office to expand its activities in the field of commercial promotion. The Commercial Counsellor worked with 10 Quebec manufacturers in various fields wishing to sell their products in the United States, as well as with 3 Quebec firms seeking American companies for which they could make certain products under license. The office also assisted 2 Quebec companies seeking sources of supply in the U. S. The Commercial Counsellor established contact with Midwest buyers in several fields, notably clothing and furniture, and is working with the Montreal office to promote and increase attendance by these buyers at Quebec trade shows. He is also working to put together lists of buyers in these and other fields such as sporting goods, machine tools, etc., for the benefit of Quebec manufacturers seeking outlets.

DALLAS OFFICE

The activities of the Quebec Office in Dallas for the past six months covered three main areas:

1. Industrial Development - The Director of the office visited six of the twelve states assigned to his area, contacting some 80 companies interested in the Province of Quebec. Six of these companies are seriously interested and considering setting up manufacturing plants in Quebec, while two others would be interested in a joint venture with existing firms in the Province of Quebec. The office has also put in touch with Canadian firms American manufacturers interested in having their products manufactured under license in Canada.

11. ACTIVITIES (Cont'd)

2. Trade Promotion - By working in close cooperation with the two Canadian Consulates located in its territory - one in Dallas, Texas, the other in New Orleans, Louisiana - the Dallas office endeavoured to supply useful trade information to some Quebec manufacturers interested in marketing their products in the American States of the Southwest. It also supplied lists of Canadian distributors to American manufacturers interested in exports to Canada.
3. Mineral Resources Symposium - The Dallas office organized a Symposium in April with a view of presenting the Mineral Resources potentials offered by the Province of Quebec. Representatives of the Department of Industry & Commerce and of the Department of Mines of the Government of Quebec, together with a Taxation Specialist came to Dallas for the occasion. Fifty guests from various important petroleum and industrial organizations were present at this event. The interest shown was encouraging and we are confident that some future investments will result from this meeting.

Besides the above activities, the Director of the Dallas office visited three expositions during the period covered by the report: The National Association of Home Builders in Houston, Texas, the International Petroleum Exposition in Tulsa, Oklahoma, as well as a Show presented at Foley's, in Houston, with a highlight on the brand of clothes "Christopher Rand" manufactured by a Quebec firm.

Regular contacts with American and Canadian banks were maintained as well as with the various Chambers of Commerce of the different cities visited.

A considerable increase in the number of inquiries covering many areas directed to the Dallas office seems to show a growing acquaintance with the existence of the office and the services it offers.

LOS ANGELES OFFICE

The officer in charge of the Los Angeles Office reports the following activities for the six-month period ending June 30, 1971:

1. Adding names of industrials to existing mailing lists;
2. Mailing technical literature to industrials and informing them of financial assistance programs if they invest in Quebec;
3. Visits to industrials and American banks to discuss the industrial and commercial aspects of Quebec, and the advantages of establishing manufacturing operations in our Province;
4. General information given to American organizations doing business in Quebec.

11. ACTIVITIES (Cont'd)LAFAYETTE OFFICE

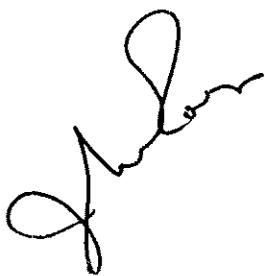

From January 1 to June 30, 1971, the main activity of the officer in charge of the above office was the recruiting of teachers and students for two summer programs in Quebec, that of the Jonquiere College and the Youth Inns, starting July 3. This entailed visiting some twenty universities and colleges in the State of Louisiana.

In April he piloted a one-week three-man mission from Quebec's Department of Natural Resources, and also for a week a one-man mass media mission from Radio-Canada.

Our officer reports that in January he conducted a one-week negotiation session in Montreal between the Quebec Government and the Louisiana Government which was represented by the Supervisor of Foreign Languages, State Department of Education.

In addition, during the six-month period of the report, our representative in Lafayette gave a number of speeches before social clubs, and he attended several social functions. He was invited to appear on six television and radio programs to talk about Quebec. He has continued to work closely with local chapters of the Council for the Development of French in Louisiana (CODOFIL). This is on a cultural basis.

Since his arrival in Lafayette, in December 1969, our representative had been occupying office space graciously offered by CODOFIL until he could set up his own office. He is happy to report that he has finally moved to his own quarters in June 1971.
