QUEBEC GOVERNMENT HOUSE
17 West 50th Street
New York, N.Y. 10020

11. ACTIVITIES

NEW YORK OFFICE

During the six-month period covered by this report, Mr. Guy Poliquin was appointed Agent General. He took over his new post in New York on September 13th, 1971. During July and August, Mr. Jean-Marc Roy, the Director of Administration, had continued to serve as Acting Agent General.

Quebec Government House continued to be active in the fields of industrial development, trade development, tourist promotion and general information.

During the last six months of 1971, the Director of Information continued to establish contacts with members of the New York press, and Quebec artists studying in the New York area, Quebec students enrolled in New York schools and Universities. He also established relations with officials of the New York State Department of Education in Albany, and with the heads of Canadian Studies Programs in some American Universities.

The Information Services of Quebec Government House also took an active part in the organization of several projects and functions such as a presentation on "Education in Canada" at United Nations Headquarters, a meeting of Laval University Alumni living in the New York Area, and a two-week program of films from Quebec starting in February 1972 at the New York Museum of Modern Art.

The Information Services continued to receive and answer every month hundreds of information requests on a great variety of subjects including education, taxation, social welfare, cultural matters, etc...

From the period of July 1st through December 31st, 1971, the Tourist Office has received 20,087 inquiries for travel information to the Province of Québec.

Visitors:	6,923
Telephones:	6,603
Inquiries received by mail:	6,561

A special promotion, organized by the Canadian Government Travel Bureau in cooperation with this office, was held in Pittsburgh, Pennsylvania at the end of October.

Many contacts were made with various travel agencies and the Director of Tourism has attended the monthly meetings of the Society of American Travel Writers, the American Society of Travel Agents and the Assembly of National Tourist Office Representatives (ANTOR). He also attended many social functions such as the Canadian Society Dinner, the Canadian Women's Club receptions and also helped to promote the Province of Québec with the various travel writers

11. ACTIVITIES (Cont'd)

whose articles appeared in numerous newspapers.

The Department of Tourism has also participated in many sports and travel shows during the months of October and November in the following cities: Detroit, New York, Washington, Boston and San Francisco, Los Angeles and Chicago.

This office has also participated in the first U.S.-Canada promotion to the New Year, sponsored by the Bulova Watch Company in New York.

We have also put in operation by distributing, by Telex, a report on snow conditions in the Province of Québec to the major newspapers, radio and television stations and to the Canadian Government Tourist Offices in the United States.

The Film Department has distributed 1,322 films reaching an approximate audience of 408,780 people.

The activities of the Industry and Commerce section during this period covered these specific areas:

1. Industrial Development - Industrial Development officers of the Department actively carried out discussions and negotiations with American business and financial interests concerning the potential viability of new primary and secondary processing industries that would be located in various parts of the Province. Several projects that had been underway for some time were completed.

Assistance was also provided to American manufacturers seeking licensing and/or distribution agreements with Canadian manufacturers. Several of the latter were also aided in establishing working relationship with American companies.

2. Trade Development - Trade development activities increased substantially even though the announcement of the 10% import surcharge hindered the development of certain sectors. A major "Quebec Week" promotion planned for late October in Philadelphia was cancelled because of the surcharge.
3. Economic Development - Considerable activity took place within the financial sector concerning a bond issue for Quebec Hydro as well as exploratory discussions regarding the long term financing of the James Bay Development Corporation.

BOSTON OFFICE

During the six-month period covered, the Québec Government office located in Boston and representing the Québec Government in the New England States (with the exception of Connecticut), maintained its usual activities in the fields of industrial development, trade and commerce development, tourist information, cultural relations, and general information.

11. ACTIVITIES (Cont'd)

1. Industrial Development - The prevailing economic situation in the New England States during the second half of the year 1971, and the ten percent surcharge imposed by the U.S. Government did not help our industrial promotion efforts. In spite of that, eight American firms have studied the possibilities of establishing manufacturing operations in the Province of Québec, and ten general inquiries on the same subject have also been answered.
2. Trade and Commerce Promotion - The addition of a commercial attaché, as of December 1st, will enable our Bureau to expand its activities in the field of commercial promotion. New England is a natural market for Québec, and our export possibilities are tremendous. Mr. Clairmonte has a lot of experience in marketing, and our participation in commercial shows and trade missions will surely be more effective.

At any rate, for the six-month reporting period, we helped twenty-one companies to market their products in New England via different ways of distribution, and we also worked on two licensing agreements.

3. General Data:

- | | |
|---|-----------------|
| a) Participation at reunions, meetings, committees, conventions etc. | 29 |
| b) Various contacts (telephone calls, letters, office visits) on all kinds of subjects: | 540 |
| c) Tourist information (office visits, mailing of brochures, etc.) | 167 |
| d) Speeches and conferences delivered to various organizations | 14 |
| e) Industrial and commercial shows | 6 |
| f) Entertaining (as host or guest) | 125 appearances |
| g) Miscellaneous: Hiring of a commercial attaché (newspaper ads, screening, interviews, etc.) - Compilation of several lists of buyers and distributors (lumber, sporting goods, ski-doo's, commercial fishing equipment, etc.) - Preparing of a Christmas party attended by 113 guests, etc. | |

CHICAGO OFFICE

The Chicago office has expanded both its facilities and its efforts in the fields of industrial and commercial promotion in the past half year. The staff moved into new, expanded quarters in October; and the Economic Counsellor in charge reports the following activities for the 6-month period just ended:

1. Industrial Development - A Minneapolis company previously contacted by the Chicago office is building a \$500,000 computer power station in St-Laurent which will employ 300 people. Also, a mobile home manufacturer from Nebraska established a 100,000 sq. ft. plant in the Montréal area. The office has worked closely with some dozen Midwestern companies which are seriously considering establishing manufacturing operations in Québec, as well as with 9 companies which are interested in some form of direct or indirect (i.e. association or acquisition) investment in Québec. The counsellors have consulted with some 20 firms to discuss the

11. ACTIVITIES (Cont'd)

economic and industrial aspects of Québec, and have written letters to some 260 companies not previously contacted, outlining the incentives and advantages offered by the Province. The Economic Counsellor helped negotiate a contract between the Government of Québec and the Fantus Company, internationally known consultant firm, for an in-depth economic study of the Province which will aid the industrial promotion efforts of counsellors throughout the U.S. The Chicago office has answered many inquiries from businessmen and the general public on various topics (taxes; import duties; labor; population, transportation; etc.). The office maintains close contacts with members of the Canadian and American banking and business communities and the Canadian Consulate.

2. Commercial Development - The Commercial Counsellor, in cooperation with the Montréal office, coordinated the participation of 6 Québec manufacturers in the National Office Products Association Show, and organized a reception at which they were introduced to agents and buyers of contract furniture. The office worked with 18 Québec manufacturers in various fields wishing to sell their products in the U.S., 3 of whom made presentations to prospective buyers in the Midwest with the assistance of our office. The counsellor also consulted with 14 stores or agents looking for Québec products to sell or represent, and helped organize 4 buying trips to Montréal. The Chicago office extended its contacts with Midwestern department store buyers and actively promoted, by mailings, participation of these stores in the Montréal Furniture Show and the Montréal Menswear Show. The Commercial Counsellor is promoting the opening of a permanent showroom in the Merchandise Mart for Québec furniture. He also attended 5 major trade shows held in Chicago in order to familiarize himself with trends and opportunities in various product fields.

DALLAS OFFICE

During the last six months of the year, Quebec Government House in Dallas, Texas, has concentrated its efforts on three main areas:

1. Industrial Development - The Director of this office has contacted some 70 companies interested in establishing in the Province of Québec, located in seven of the twelve States assigned to the Dallas office.

Two companies have decided to set up manufacturing in Quebec during the last six months. One is now building a 65000 sq. ft. plant in Drummondville to produce tufted broadloom carpets. The other acquired a property in Granby, where they will start building in March 1972.

A Canadian subsidiary of a Texas firm located in Thetford Mines, Quebec, has invested one million dollars for the expansion of their manufacturing facilities in Canada. This move will provide jobs for some 80 additional employees.

Another Texas company has licensed a Quebec firm to manufacture their insecticide and fungicide products which are expected to be on the market in early spring 1972.

2. Trade Promotion - Because of the limited number of personnel assigned to this office, our trade promotion is carried out with the assistance and cooperation of the Trade Commissioners of the two Canadian Consulates located in Dallas, Texas and New Orleans, Louisiana.
3. Travel and Tourism Information - During the last six months, we received many inquiries regarding travel and touristic attractions available in Quebec. These were handled to the best of our ability, using the documentation on hand. Information and brochures were requested particularly on the cities of Montreal and Quebec, as well as on the recreational facilities offered by our Province. Starting in October we have noted an increased number of requests pertaining to our winter carnivals and sports, especially skiing. This is due most probably, to a more aggressive advertising campaign undertaken by our Department of Tourism and the Laurentian Hotel Association.

Among our General Activities, the Director of the Dallas Office went to Quebec at four different occasions. Twice to accompany industrialists interested in establishing manufacturing facilities in our Province. The other trips were made in connection with meetings held by our Department in Montreal and Quebec City.

We are pleased to report that during the latter part of 1971, the Canadian Ambassador to the United States visited Dallas where he was honored with many receptions. Last September, the Minister of Industry, Trade and Commerce of Canada attended as guest speaker the seminar Canada-Today, held in Houston, Texas, sponsored by the International Committee of the local Chamber of Commerce and the Canadian Consulate of Dallas.

LOS ANGELES OFFICE

During the period covered, Mr. Maurice Lalonde, Director and Economic Counsellor has established contacts with different organizations on the West Coast of the United States to promote exchange in industrial activities.

In August he introduced the Prime Minister R. Bourassa to financial and industrial groups in San Francisco.

A Visit from Mr. Côme Carbonneau, President of SOQUEM was organized to meet with different mining companies in Los Angeles and San Francisco.

Business promotion leaflets were sent regularly to the executives of major companies located in California, Oregon, Utah, Colorado, Arizona, Washington and Idaho, and many letters were written to different companies interested in doing business in the Province of Quebec.

Correspondence on tourism, taxation, education was part of the daily routine.

LAFAYETTE OFFICE

The Quebec Representative has worked for the last six months on five different subjects which are:

- 1) visiting Heads of Foreign Language Departments throughout the State of Louisiana to promote a cohesive cultural effort in the furtherance of the French language in accordance with the views and

11. ACTIVITIES (Cont'd)

request of Louisiana's State Agency of CODOFIL. Twenty-seven universities and colleges met in New Orleans on October 29, 1971, for the creation of the CODOFIL Academic Advisory Board.

- 2) the Québec Representative went to the annual meeting of the Agence de Coopération culturelle et technique held this year in Quebec-Ottawa-Montreal. He went there as technical advisor for the Louisiana delegation who were invited as observers.
- 3) in October, the Quebec Representative arranged meetings between Radio-Mutuelle and Radio-Haiti and radio interests in Louisiana.
- 4) the Québec Representative arranged a visit by the Minister of Natural Resources of Québec as the main speaker at LAGCOE in Lafayette.
- 5) Over 90 young Louisianians went to Jonquière college in Québec and in Québec summer camps on July 1971. The Québec Representative is working on the publicity of Jonquière 1972 summer program. CODOFIL's goal is to send over 150 Louisianians to learn French at Jonquière. The Jonquière program gives 6 credits for 4 weeks studying. Those credits are recognized by all colleges and universities in Louisiana.
