Good morning Sofia. It's a morning here in California, but I believe it's after noon in NY already.
We are the company which will expand in the nearest future. Yes we would be interested if you can help us to find other big epoxy resin manufacturers in Korea besides KUKDO.
The demand for our end use product on American and other markets are amazing. In the future we might need to purchase very large quantities of Korean epoxy resins.
I would be more much interested in cooperation with you besides the initial Kukdo question I sent you. However, we found K ukdo reps here in the US.
Please stay in touch with us as we can see big commercial cooperation with Korean partners

I have emailed Kukdo Chemical today, and will let you know when I hear from them.
If I don't hear from them, I will have our HQ in Seoul contact the company. In case there is no response, do y ou want us to find big Korean companies that manufacture epoxy resins?

Thank you.

Dear Mr. KEUK-SOO

Our company Nanotech Industries International Inc. manufacture chemical platform that allo ws making PU coatings without use of toxic Isocyanates and is recognized by the US Environ mental Protection Agency (EPA) as a substitute for the traditional PU.

At this moment, we tried to contact big Korean manufacturer company called "Kukdo Chemic al Co., Ltd". They are located online at http://www.kukdo.com/eng/sales/location.asp

Unfortunately we failed to get a response. We are interested to buy big quantities of their epo xy resins to fulfill our wide sales US contract.

In this case we would kindly ask you to help us to establish business connection with "Kukdo Chemical Co., Ltd" sales representative or its agents in the US or abroad.

I shall be glad to receive your early answer.
