Subscribed and sworn to before me at 1333 New Hampshire Avenue, NW

(Notary or other officer)

My commission expires August 14, 1991.

This amendment is filed to correct two clerical errors in the firm's supplemental statement of December 24, 1986.

Item 11 of the supplemental statement should include the following statement: "Airship Industries, Ltd.: The firm informed Members of Congress and Executive branch officials of Airship Industries' interest in being considered as a procurement source for certain U.S. airships."

Item 12 of the supplemental statement correctly indicates that during the six month reporting period Akin, Gump engaged in political activities. The political activities engaged in on the behalf of Airship Industries are listed in detail on the information sheets attached to the supplemental statement. Copies of these sheets are also attached to this form with the addition of the following statement of purpose for the contacts listed: "Each of these contacts was to inform respective Members of Congress and Executive branch officials of Airship Industries' interest in being considered as a procurement source for certain U.S. airships."

Item 19 of the supplemental statement correctly indicates that during the six month reporting period Akin, Gump prepared letters that might be viewed as political propaganda. It was the intention of the drafter of this statement to include the phrase "See Attachment" as part of the response to item 19, as was done in answering items 22 and 24. Once this phrase is added the complete response to item 19 refers to the following statement: "Some of the letters forwarded to government officials may constitute 'political propaganda' under the Act, and, as such, were labeled pursuant to the requirements of Section 4(e). The original typewritten letters, however, did not constitute 'prints' under Section 4(a)(i) nor were they intended to be disseminated or circulated among two or more persons as described in Section 4(a)(ii). Thus, pursuant to Section 4(a), neither copies of the letters nor disseminated reports would need to be filed with the Justice Department."
