## ADDENDUM A

### Government Relations

***The Problem:*** According to our study that has been conducted this week, the negative media coverage and the proliferation of myths and misunderstandings about The Kingdom of Saudi Arabia has begun to take a toll on the level of favorability and support The Kingdom has among Members of Congress and staff.

Among Washington insiders, favorability toward Saudi Arabia has declined significantly compared to previous statistics.

***The Solution:*** In order to turn this situation around, we need to reach out to Members of Congress and staff leadership to better educate them about Saudi Arabia, the status of US/Saudi relations, and The Kingdom's support for and role in the international coalition.

To execute this plan, we have assembled a team of government relations experts who can assist in the education and outreach to Capitol Hill. This team would include one large firm, Patton Boggs, and several boutique firms which can provide specialized support.

The plan is to begin the program on November 15 and conclude February 15, 2002.

Research will also be conducted to confirm the success of the program.

Following are the firms will be retained for the three month period:

Patton Boggs

The total cost of the "Short-term Program" is \$200,000.00

## **ADDENDUM B**

### **Media and Grassroots Efforts**

We have made significant progress over the past several weeks in communicating with US media and policy makers in order to reinforce the messages of cooperation and support for the international coalition. However, there is still much work to be done. Misinformation and negative press continue to emerge and the Washington insider research clearly demonstrates a lack of understanding among many Congressional leaders.

#### **Immediate Next Steps:**

1. Broaden reach of media campaign outside of Washington in order to reach average Americans.
2. Build allies in key states and congressional districts.
3. Mobilize and coordinate efforts of friendly organizations such as National Council on US/Arab Relations, AAI and the Middle East Institute.
4. Mobilize support of business and academic communities.
5. Broaden media outreach to include 2<sup>nd</sup> and 3<sup>rd</sup> Tier media.

## Timeline
