3. Name of Foreign Principal
 Government of Malaysia, its ruling party, or interests closely aligned with either, acting through one or more of APCO Worldwide and the David All Group (May 2008 through September 2008), and FBC Media (February 2009 through April 2011), with whom registrant had its relationship.

Check Appropriate Box:

- 4. The agreement between the registrant and the above-named foreign principal is a formal written contract. If this box is checked, attach a copy of the contract to this exhibit.
- 5. There is no formal written contract between the registrant and the foreign principal. The agreement with the above-named foreign principal has resulted from an exchange of correspondence. If this box is checked, attach a copy of all pertinent correspondence, including a copy of any initial proposal which has been adopted by reference in such correspondence.
- 6. The agreement or understanding between the registrant and the foreign principal is the result of neither a formal written contract nor an exchange of correspondence between the parties. If this box is checked, give a complete description below of the terms and conditions of the oral agreement or understanding, its duration, the fees and expenses, if any, to be received.

7. Describe fully the nature and method of performance of the above indicated agreement or understanding.

This work took place in three phases:

- 1) Trevino Strategies and Media was engaged by the David All Group and APCO Worldwide (itself working with FBC Media) to collaborate on, and produce content for, a website at MalaysiaMatters.com from May through September 2008.
- 2) Trevino Strategies and Media was engaged by FBC Media to collaborate on, and produce content for, a website at MalaysiaMatters.com from February 2009 through July 2010. (Please note that the attached written contract only covers the period from September 2009 through February 2010.)

The explicit intent of the third phase of this engagement, as described in Item 7, was to affect domestic public opinion within Malaysia proper. Given the outlets, there was likely some effect on US public opinion and discourse, but it was neither by design nor intent.
